Anna- friend compiled list of facebook feeds that might be helpful, not sure which are public facing

Kristine- archive-it only grabs public facing facebook pages

Rick- tons of facebook pages intended to be public, but you still have to log in to see them

Kristine- pass along list to Graham and they will figure it out

Yvonne- do you crawl livestreams?

Kristine/Alexis- no, it's a tech issue

Howard- we still don't know how to grab livestream, has to be grabbed live

Please comment on Rick's card, Best Practices
